## The Reproductive Health Act

Passing the Reproductive Health Act will ensure that every woman in New York has the opportunity to make the decisions that are right for her, her family, and her future.

### Why we need the Reproductive Health Act:

The Reproductive Health Act guarantees a woman’s right to control her reproductive health; ensures that a woman will be able to have an abortion if her health is endangered; treats the regulation of abortion as an issue of public health and medical practice, rather than as a potential crime; and guarantees everyone the right to use or refuse contraception.

New Yorkers overwhelmingly support a woman’s right to decide if and when to have a child — according to a NARAL Pro-Choice New York/Global Strategy Group poll of registered voters, *three-quarters of New Yorkers support the Reproductive Health Act!*
